# UNIDENTIFIED MAN Philip Weltner Named U.S. TARIFF TRUCE TOSSED FROM CAR

Victim of Crime Near LaFayette, Ga., Had Atlanta Sales Slip in Pocket: Head Beaten In.

The body of a 45-year-old unidentified white man believed to have been a resident of Atlanta, or to have recently visited here, was found near Rock Springs, eight miles north of Lafayette, early Friday morning, death apparently having resulted from blows about the head with a blunt instrument.

A price stub from the Acme Tire Exchange Company on Marietta street was the sole clue to the man's identity. He was described as 5 feet inches tall, weighing 160 pounds, with blue eyes, dark brown hair and a bald spot on the top of his head. He was dressed in a blue denim shirt, blue serge trousers, a yellow sweater and a blue polka dot tie. The belt bore the initial "C."

"The beer cause is winning new friends every day," the mayor said on leaving the grand jury room. Florida and other states."

The Metter city council legalized the sale of 3.2 beer Friday night by a vote of 4 to 1. The retail license tax and the wholesale license tax were each fixed at \$25 per year. A provision was made that the beverage shall not be sold on Sunday.

The reports from Milledgeville and Fitzgerald were that the beer was obtainable in a large number of soft drink places and restaurants, the beverage being hauled to those places from Florida and South Carolina.

In Fitzgerald there is a movement on foot to put a beer ordinance before the city council at its next session.

Alderman James E. Bowden and Councilmen W. T. Knight and W. C. Childs, comprising the fifth ward delegation in city council, issued a statement Friday announcing that they believed they had enough votes to put the beer ordinance through at next Monday's session. Mayor Key's approval of the beer ordinance is a foregone conclusion.

Struck by a hit-and-run bicycle, George Meeks, 13, of 703 Cooper street, was admitted to Grady hospital with a fracture of the left leg, according to attaches. He was run down at Pryor street and Georgia avenue by a wheel ridden by a negro boy who failed to stop.

George McGee Jr., 8, of 1697 Hardee street, also received a fracture of the left leg Friday night when he was run over by a truck in a driveway near his home. A neighbor, whose name was not learned, was putting up his truck for the night and backed over the boy, it was said.

A general topic of conversation among the veterans today was Mr. Roosevelt's proclamation extending the forest conservation corps to include unemployed veterans.

Albert G. Sellers, a field organizer of the Fort Hunt faction, expressed a hope that "the majority of the men will have spirit enough to demand a living wage."

Despite optimistic expressions by both wings of the bonus army as to the number they expected in the city for this year's movement, the registration tents shot up downtown did little business during the day.

Busses maintained by the veterans' administration to carry registrants to Fort Hunt made their trips to and from the encampment with but few passengers.

The "conservatives" were encour-

The agreement came only after a crisis which yesterday seemed to threaten the whole proposal. Each country participating had a chance to express views regarding the broad principles of the armistice.

Besides Mr. Davis, the United States was represented at the session today by Ray Atherton, charge d'affaires, and Allen W. Dulles, Mr. Davis' aide. The other governments were represented by their ambassadors, and Sir John Simon, the British foreign secretary, presided.

RECORDED AT WASHINGTON

RECORDED AT WASHINGTON WASHINGTON, May 12.—(P)—
In the allied fields of economic and military disarmament important developments were recorded tonight as several days of conversations with a special representative of the new German government closed at the state department and White House.

Just before the departure of Dr. Hjalmar Schacht, president of the Reichsbank and personal envoy of Chancellor Hitler, he and President Roosevelt joined in a statement emphasizing the reduction of armaments as essential to progress in removing economic barriers. Also stressed was "the necessity of a speedy elimination of the obstacles to international trade."

Announcement of the increased operation and production of the Silvertown plant here was in line with the statement from the headquarters of the Goodrich company at Akron that Goodrich tire factories in that city had increased their production 200 per cent over the March figures, and that beginning May 15, the Akron plants would operate six days a week, 24 hours a day.

The statement from J. D. Tew. president of the company, declared that the full operation of the Goodrich tire factories marked the first full-time schedule since October, 1929. This new operation program will bring re-employment for many former employes in addition to the 600 who have been put back to work in the mechanical goods division in the last 30 days.

### INDUSTRY FINDS INSPIRATION.

The open letter of Henry Ford to the American people, announcing renewed activity by his far-flung interests as his contribution to reviving business conditions, is significant of the changed attitude of those American manufacturers, industrialists and financiers who opposed the election of Franklin D. Roosevelt because they feared the possible effects of his progressive policies.

Now these men, almost as a unit, including even the New York banking leaders who so bitterly opposed both his nomination and his election, have seen the light and are joining in praising and assisting the new administration in its efforts to bring order out of the nation's economic chaos.

This changed viewpoint is well expressed by Mr. Ford, who, in pointing out that "a great thing has occurred among us; we have made a complete turn-around, and at last America's face is toward the future," says in his letter to the

Three years-1929 to 1932-we Americans looked backward. All our old financial and political machinery was geared to pull us out of the depression by the same door through which we entered. We thought it simply a case of going back the way we came. It failed. We now realize that the way out is forward-through it. Thanks for that belongs to Presi-

In keeping with the urgent insistence of President Roosevelt that industry and business co-operate in the efforts being made in their behalf, Mr. Ford pledges broadened activities based on the belief that "the best thing I can do for the country is to create industry by building good motor cars. No better choice for this worl could have been made. Mr. Weltner is intimately acquainted with the details of the university system as a result of his former member ship on the board of regents.

During his membership on the board sweeping reorganization of the university system was effected. He made a thorough and careful study of each institution comprising the system and it was largely as a result of his recommendations that the reforms, seeking both increased efficiency and economy, were put into effect.

The new director of education has been for years a close student of educational affairs, having made first-hand investigations in many of the leading universities and colleges of the country, both in this section and in the north and east.

Mr. Weltner is prominent in the profession of the law, is a profound scholar, and has devoted liberally of his time and energy to public affairs. He was for several years executive secretary of the state board of public welfare, which, under his direction, became a highly useful agency of the state govern-

The creation of the new office of director of education follows the voluntary retirement of Chancellor Snelling, of the university system, who was named chancellor emeritus by the board of regents and who was a member of the committee named to select the new executive head of the system. The selection of Mr. Weltner gives assurance that the affairs of the institutions comprising the higher educational system of Georgia will be wisely and efficiently guided.

"Jewish finance," says the Racist Observer, "with its tentacles stretching from Wall Street to Moscow, has sworn to destroy the German nation." By hammering away with this silly statement it is hoped to make the German people actually believe that it is true. There is not the slightest use trying to convince the nazis of the ground-lessness of their assertion. They are simply not open to reason.

It would be the easiest thing in the world to refute their charges against the Jews, but they do not wish to enter into any argument about the matter at all. For they know they can't uphold their nonsensical claims can't uphold their nonsensical claim and when these claims are destroyet they would be deprived of an invalua ble piece of demagogy, of an impor tant whiplash to keep national senti

After wandering all over Europe these last 10 years, I think I am entitled to say that instead of seeing Jews basking in the lap of luxury while others suffer is positively contrary to the truth. If ever there was human misery, it certainly is to be found among the Jewish masses. And united, single-willed, determined group apart with a definite program of any kind, with a corporate will and existence, is so ridiculously out of touch with reality that he has no right to speak at all. The same lines divide Jewish life as Gentile life. There are Jewish financiers and there are Jewish life as Gentile life. There are Jewish financiers and there are lewish paupers, masses of them. There are Jewish arch-conservatives. There are Jewish arch-conservatives, think only of Disraeli, and there are Jewish bolsheviks, think of Trotsky. There are Jewish criminals and there are Jewish saints. That Jews have sometimes flocked in large numbers to the banners of radicalism is by no means surprising. They bore the brunt of suffering very often.

#### Swastika.

The interesting geometric sign, known as the swastika, or hooked cross, known in German as hakencross, known in German as haken-kreuz and in France as croix gam-mee, is of very mysterious origin. A famous Dutch scholar, Professor Ob-bink, once wrote, I don't remember where, that the roots of the word are composed of "su," which means good and "as," which means to be. I think he said these roots are sanscrit. In Holland it is sometimes called the gamma cross, from the Greek let-

There is, for instance, the Latin cross, the one we see on Christian and especially or we see on Christian and especially on Roman Catholic churches; the Greek cross, the Cross of St. Anthony and the crux commissa, which has a laid-on beam. The Egyptian cross, or crux ansata, with a bowl-shaped dome on the cross-beam. Furthermore, the Cross of St. Andrew, national emblem of Scotland, which is also the Burgundian cross. The origin of these cross-forms goes back into the dimmest antiquity. The hooked cross, which the nazis use at present as an emblem, is not as in lished years ago that it reached Asia from America, via the Behring straits. (Copyright, 1983, for The Constitution.)

Five Persons Are Killed as Twister Strikes at Edge of Tulsa.

KANSAS CITY, May 12.—(P)—

Ornadoes and floods left heavy marks on the southwest tonight.

Six deaths were attributed to Oklama twisters.

Five persons were killed and seven is injured in a tornado that swirled ut the edge of Tulsa late today and rediging the linguistry of the linguistry of

The cabinet officer will call conferences of producers, processors, handlers and others interested in each of the basic commodities listed in the bill for special relief treatment—wheat, cotton, corn, hogs, rice, tobacco and milk products—shortly, probably tomorrow. Later commodity councils will be formed and a program launched seeking to rehabilitate the agricultural industry.

Surrounding these problems and b cause statesmen most vitally concerned can agree on solutions bett from technical and humanitaris viewpoints.

Lima newspapers applauded the d cision of the two statesmen.

## Man, 76, Calls Police. Then Commits Suicide

Solomon I. Cain, 76-year-old man, living off McDonough road, near the federal prison, shot and killed himself Friday morning after calling Atlanta police and telling the station lieutenant he was going to commit suicide.

Notified by city police, Lieutenant R. F. Jordan, of the county force, went to the Cain home and was told that Cain had shot himself through the heart with a pistol. He left a note addressed to his wife with instructions that it not be opened until her sons and daughters arrived for the funeral.

Cain, police said, had been in ill

the funeral.

Cain, police said, had been in ill health for sometime, having recently suffered a paralytic stroke. He had, police were told, previously threatened to take his life.

Funeral services, in charge of A. S. Turner, will be held at the Redam Baptist church at 2 o'clock Sunday afternoon, with Rev. C. Howard Matheny officiating, and interment will be in the Redam cemetery.

#### BEER STAMP TAXES NO LICENSE TO SELL, ROSE POINTS OUT

Special stamp taxes to be collected by the federal government in connec-tion with sale of fermented liquors in Georgia are not in any way to be construed as licensing the sale of fermented liquors in this state, J. T. Rose, collector of internal revenue, explained Friday.

"The payments made to my office are in the form of a special stamp tax, the same as the tax on oleomar-garine and other products which re-

garine and other products which require registration before commencing the sale of the article," Collector Rose said. "My instructions set out that payment of any tax imposed by internal revenue laws for carrying on any trade or business shall not be held to exempt any person fram any penalty or punishment provided by the laws of any state." The law provides that a retailer shall pay \$20 a year and a wholesaler \$50 a year, he said.

#### COL.SNOOK'S CONDITION CONTINUES CRITICAL

Continues CRITICAL

Colonel Peyton H. Snook, retired
Atlanta businessman, remained in a
critical condition at his home, 1202
Cleburne avenue, N. E., members of
the family said late Friday afternoon.
He suffered a fall several weeks ago
and has been confined to his bed
since, although his condition was not
alarming until Thursday.

Colonel Snook was 93 years old last
September and probably the last surviving witness of John Brown's raid
at Harper's Ferry. At the close of the
war he came to Atlanta and became
one of the city's leading businessmen.

He retired about 15 years ago.

## The Fates May Have a Surprise In The Preakness

'Tis raining rain in Baltimore, and not violets or daffodils, as the poets would have us believe. And more rain is in prospect so that a muddy track is likely for the Preakness at a mile and three-sixteenths.

Broker's Tip is an unlikely starter because of a fever. Thoroughbred horses and purebred dogs can have more ailments than a thoroughbred human being.

This would appear to leave the field wide open for the chestnut son of My Play, who was second by a nose in the Derby up in old Kaintuck. Head Play should breeze in.

But if the track is muddy I would not be surprised to see the young folks, and the old, roll on the little cabin floors in Kaintucky in deep and bitter agony. Because a muddy track might prove too much for Head Play.

If the track is a cuppy, drying-out track, Head Play will come home ahead of the pack after being set down

at about the three-quarter pole.

If 'tis muddy—then watch Ladysman, a poor fourth in the Derby, and Utopian, of the Wheatley stables. Both of these entries like the mud. Utopian is the long, long shot.

The unknowns who pull the strings in these little dramas of life and sport, have a way of making sport of them. It would not be surprising to see some unknown come galloping up.

If Broker's Tip runs, as he probably won't, I would name him first. Because he kept going when he was lashed across the eyes with the heavy bat Herb Fisher was swinging. Reports of injuries have been denied but the outlook is confusing.

Head Play is the favorite. But Kerry Patch did not run his race at Louisville. And Pomponious, last away from the post, also has more than he showed.

A muddy track should find the winner coming from Head Play, Ladysman and Pomponious. If it's drying out, then Head Play should win by himself. If you just must have a long shot there is Utopian—in the mud.

NO TUG OF WAR TODAY.

The lads who pulled the blankets and wrestled a bit in the stretch at Churchill Downs will not be on the decks of their running battleships today.

There will be a great deal of disappointment if

Broker's Tip is not able to start. Because this.

Broker's Tip is not able to start. Because this race was looked upon as just a renewal of the Derby finish at a shorter distance.

There never seemed to be those who considered that the ther horses in the race might not look at it in this light. There a world of difference in that mile and three-sixteenths as compared with the mile and a quarter, which is the Derby distance.

Head Play was a length ahead at the mile and threesixteenths in the Derby. Yet he had been set down at the half mile pole when Fisher made his move. Broker's Tip was just going along, peddling his apples, so to speak, and was not set down until the stretch turn.

So, it's too bad if Broker's Tip is scratched. As was reported likely at this writing.

The distance means a lot. And maybe the other horses

Since deponing their opening match.

Since deponing their opening match.

Cuyler led the league in right, Kiki Cuyler in center and Bevo LeBourveau in left. This was in 1923. LeBourveau was one of the leading hitters. Richbourg was leading the league in hitting until he broke a leg sliding into third base at Chattanooga. With him went the Vols' pennant hopes, which were legitimate until he was hurt.

Cuyler led the league in stolen bases and was one of the leading hitters. All three went to the majors. Richbourg and Cuyler stayed. LeBourveau was in and out. Cuyler became one of the great stars of the major leagues and his broken leg this spring was a tremendous blow to the Cubs.

Baseball contains no finer fellow than Lance Richbourg. And when he starts hitting, as he will, there will be plenty of pitching headaches about the league.

### THIS BAD, BAD WEATHER.

Berger Ties Score in Ninth With Homer.

BOSTON. May 11.—(P)—After Wally Berger tied the score in the minth inning with his sixth home run of the season, the Boston Braves belted relief Pitcher "Dizzy" Dean for three hits in the eleventh today to defeat the St. Louis Cardinals, 4-3.

Berger's drive over the left-field wall, with two out, tied the score at 3-all. Jim Mooney, who started on the mound for the Cards, had two out and two on base when Dean relieved him in the Braves side of the tenth. "Dizzy" fanned Bill Knothe to retire the side.

Dean managed to get one out in the eleventh before disaster overtook him.

Dean managed to get one out in the eleventh before disaster overtook him. Bob Worthington starting the winning Boston rally with a single to center and was thrown out at the plate when he tried to score on Berger's double. The hard-hitting Wally came in with the winning run after Wes Schulmerich singled to left-center.

Ed Brandt hurled for the Braves and held the dangerous Red Birds to eight hits. The pitcher's wild throw into right field, while backing up his third baseman, enabled Frank Frisch to register the first St. Louis run, after being passed in the third inning.

Jimmy Wilson's double and Leo Durocher's single gave the Cards another run in the sixth and singles by Allen and Wilson, plus Watkins' sacrifice gave the Cardinals their third tally in the ninth inning.

gans had been a direct contributing factor.

The condition, apparently already developed, he said, would not have been apparent in the customary examination given fighters before matches but would have been revealed only through blood tests.

"The blows Holland received (in the fight)," the report said in part, "were blows that a man not in his condition probably would have received without being injured as he was. It was not a question of the power of the blows, but of the capacity of the body to meet them. . . We found acute areas of small tubercules over most of his lungs and patches of tubercular areas throughout the muscle tissues of the heart, spleen and liver."

The coroner expressed the opinion

The coroner expressed the opinion that it "probably would have been only a matter of a short time" before the condition would have brought about a collapse, even if Holland had not engaged in the fight.

Georgia Tech's linksmen finished an undefeated season Friday aftermoon at Druid Hills, winning from Emory University's varsity golf team, in 12 to 6. Emory finished its season with four victories and three losses. Berrien Moore, Tech ace, was metalist with a par 70. Moore finished the first nine with a 37, and scored a beautiful 33 on the back nine. Berrien drove clear onto the green on the fifteenth hole, and sank his puttor a birdie two. He took a par four on the next hole to cinch his match. The Emory team was leading, 4-2, at the end of the first nine holes. The second foursome won all three points and the first foursome won one to give the losing team a temporary lead. At this point loe Horacek, of Emory, was low scorer with 2 Tech team.

The strain proved too much for the Emory boys, and they fell before the consistent play of Yates, Moore and Harris on the second nine. Albert Stubbs has the only Emory player to do as well as break even on this nine. Stubbs halved with Frank Ridley.

All eight players were under 80. Moore got a 70. Harris a 72. Yates a 73. Hill, Stubbs and Horseck 74s, Chambers a 76 and Ridley a 70. Captain Bobby Chambers. Emory, and charles Yates. The much-disputed question over the hair-line finish in the Keatucky Derby will come up for settlement tomorrow when the two principals in the argument, E. R. Bradley's Broker's Tip and Mrs. Silas B. Mason's Head Play, and nine other three-year-olds meet in the forty-third running of the \$25,000 Preakness over one and three-sixteenth miles at Pimlico.

Given an added impetus by the result of the Derby, the Maryland classic, worth only 50 per cent of its value in recent years, is expected to attract a capacity crowd of 40,000 to the historic "Hill-Top" course on the outskirts of this city.

Although defeated by inches in that furious drive down the Churchill Downs stretch last Saturday, Head Play ruled the S-to-5 choice to whip the Bradley speedster.

Crackers Outhit Visitors But Twelve Men Are Stranded.

By Jimmy Jones.

When a ball club leaves a round dozen men to languish on the bases, it can jolly well expect to lose a ball game and that's exactly what happened yesterday while the Crackers were losing the series' opener and fourth place in the league standing to the Nashville Vols by a score of 5 to 3.

The box score will show that the Crackers outhit the Tennesseeans, 10 blows to 9, but the summary gives blows to 9, but the summary gives graphic testimony of which club was coming through in the clutch and which was not in revealing that the Vols had only five runners left on the strand as compared to the Crack-

res' 12.

It might be said, however, in fairness to the Crackers, that it was the first time this season, with the exception of the opener with Knoxville here April 13, that they have failed to capitalize handsomely on their hits before a home crowd.

Yesterday they made a sort of eleventh-hour repentance when they put on a flurry for two runs in the ninth after two were out, but it came about 14 hours too late to do any harm to Jim Chaplin. The rugged Vol right-hander had already weathered enough such crises not to be intimidated by two runs and after Duck McKee had doubled to score Bonowitz and Sington, he forced Eddie Phillips to hoist a high fly to Stanley Keyes in left to squelch the only batting rally that the Crackers developed.

batting rally that the Crackers developed.

THRILL, ANYWAY.

It furnished a thrill at that, however, and it was a good thing, for there was a fine Friday crowd of 1,800 paid admissions and 575 ladies who took advantage of their bi-weekly immunity to the turnstiles to see the Crackers in their first appearance at Ponce de Leon since April 29.

Bob Hasty, who started for the Crackers, pitched seven innings. He was a little shaky and received poor support besides. His performance would hardly have been good enough to win, even had his mates been hitting with more gusto. Bob spotted the Vols two runs in the very first inning when little Zach Smith, the Vol leadoff man, looped a single just off the tip of Buster Chatham's glove. # GEORGIA TAKES FROM TECH, 13-3

Errie Ball Scores 155 for Heavy Hitting Bulldogs First Day at Shell Jackets; Mott Certain To Join Chicks.

By Jack Troy.

Georgia won an easy game of base-ball from Georgia Tech, 13 to 3, Fri-day afternoon at the Rose Bowl and by winning again today can take the state diamond championship back to Athens.

The opening game of the final series was attended by one of the best crowds of the season, but the game was one with things one likes to for-

get.

Georgia capitalized on bases on balls, Tech errors and 13 hits to score its runs. A big sixth inning in which the Bulldogs batted around, netted seven tallies on four hits, three Jacket misplays and two walks.

Cannon Ball Baker, who started for Tech, was wild. He put two men on by walks in the first and Cy Grant came up and belted a long home run to center.

a home run and a double in four times at bat and handling two chances perfectly. Judging by his showing yesterday, Mott is certain to be signed by Memphis after today's final game. Eddie Toulon, Memphis scout, said he was impressed with Mott's work Friday. Mott will join Memphis here Monday and is likely to play left field against Atlanta.

EVERETT COOLS OFF. EVERETT COOLS OFF.

Everett settled down after the sixth and turned Georgia back scoreless for the remainder of the game.

The little left-hander worked hard but Tech couldn't get behind him with the necessary support.

Although Georgia never lost the lead after Grant's homer, with two on, in the first, it looked like a ball game until the big blow-off in the sixth.

game until the big blow-off in the sixth.

Hitting honors for Georgia went to Cy Grant, with three hits, including his homer, in five times up; Buster Mott, with two for four, and Jimmy Nicholson, with two for four.

Grossi, who played a fine game at short for Tech, had a perfect day at bat with three hits in three times at the plate. Tommy Spradling, right-fielder, had three for five.

The most spectacular catch of the game was made by Frank Whitley, playing left for Tech. He caught Flip Costa's long fly going backwards and turned completely over, coming up with the ball.

AUBURN, Ala., May 12.—Lefty Dixon, who was shelled for five runs and seven hits the four innings that to be pitched against Auburn, in Atlanta, came back with revenge Friday to hold the Tigers to three hits and no runs as Oglethorpe was accumulating seven hits and eights runs. The 8-to-0 triumph gave the Petrels a chance to break even with the Plainsmen for the season by winning the last of the four-game series at Auburn Saturday afternoon.

Dixon was the best hurler that Auburn has faced this year, only Sam Mason and Pinch Hitter Ripper Williams being able to touch him for safeties. Mason secured two singles and Williams one. The crafty southpaw hit the corners consistently, struck out seven and walked only two. Slow Death Payne, who won a 7-to-2 decision over Frank Anderson's club in Atlanta, hurled a creditable game for the Plainsmen, giving up only five hims the seven innings that he was

U. S. Department Sees Consumption Increase in Using Cotton Bagging.

By GLADSTONE WILLIAMS.

WASHINGTON, May 12.—Possibilities of increasing domestic consumption of cotton by approximately one million bales through the use of cotton in bags and bagging for agricultural products, in curing concrete, for nets and other uses in power laundries today was seen by the bureau of agricultural economics, department of agricultura.

The largest single item of increased consumption, estimated at approximately 225,000 bales, would be in the use of cotton fabrics for baling raw cotton. Many industries already are large users of cotton with the consumption of cotton by flour mills estimated at about 146,000 bales a year.

The mills would use an additional 165,000 bales if they packaged their entire output in new cotton containers for both the wholesale and retail trade, officials of the bureau said.

fruits, and many other products, but the potential uses of cotton by these and other industries are far above present consumption. The fertilizer industry now uses about 4,000 bales of cotton a year, but it would use an additional 140,000 bales if all fertilizers were packaged in cotton. In packaging feed about 47,000 bales are used annually, but this could be increased by 156,000 bales. In the potato industry there is a potential outlet for 100,000 bales. The cement industry now uses about 48,000 bales a year, but it could use an additional 34,000 bales. The packaging of salt in cotton is now requiring 78,000 bales a year, but if all salt were packaged in cotton an additional 40,000 bales would be needed.

## FRIENDLY COUNSEL

Problems of general interest submitted by readers will be discussed in this column. Correspondence invited. Your name held in confidence. Write Miss Chaiffeld, care The Atlanta Constitution,

A correspondent writes that she would enjoy a discussion of the question as to whether a thirty-five-year-old woman, holding a good position, reasonably contented with life, gains or loses most by giving up her job and marrying a man of very moderate means. She would like the practical aspects of the question discussed rather than the sentimental aspects. As if anybody could say where common sense leaves off and sentiment begins in a discussion of marriage!

A woman giving up a lucrative job to marry a man of moderate means, one whom she doesn't love but marries for the sake of getting married, certainly loses more than she gains judged by every law that governs her practical life. There are just two reasonable motives for a woman's getting married—one is love and the other is dire necessity for her to find a means of support. The latter may not be a laudable motive yet we have all seen women actuated by it, and we have frequently approved them, when we have been convinced that they meant to carry out their part of the bargain, giving value for value received.

received.

Dr. Maurice Chideckel in his humorous book, "Strictly Private," tells of a patient, "young, fiery and bewitching," who hit upon the diabolical racket of marrying rich old men, each of whom had one foot in the grave. She furnished the necessary impetus to one after the other to fall in headlong, and having collected the insurance from the estates of two, insurance from the estates of two, she took a third husband of four score years. Did she lose or gain most from her marital expeditions? Practically speaking hers was a gain. Sentimentally speaking, it's difficult to estimate gain or loss.

The bride has many friends in Georgia who will be interested in the announcement of her marriage. She attended Agnes Scott College, later going to the American University in New York. Mrs. Ross is a niece of Mr. and Mrs. J. C. Gleason, of Decatur,

WASHINGTON, May 12.—(P)—
After turning down more than a dozen amendments, including proposals for higher tariffs against depreciated currency countries and for decentralization of wealth through confiscatory taxation, the senate today passed the \$168,000,000 gasoline-electricity tax bill and returned it to the house for action on revisions.

Passed without a secord vote after two days of debate, the measure changes the house provision transferring the present three per cent electricity tax from the consumer to the producer by dividing it so that a two per cent levy would be paid by producers of commercial and house-hold energy and a one per cent tax by industrial users.

Other provisions continue the federal 1-cent-a-gallon gasoline tax another year beyond July 1; reduce drop letter postage from 3 to 2 cents, and authorize the president to change other postal charges up or down as he sees fit.

The gasoline levy is expected to raise \$137,000,000 and the electricity tax about \$31,000,000 and the electricity in which she moves; the sense of their green in which she moves; the sense of fulfillment and, best of all, that of St. Achille.

"Coming first," what little words and yet no woman was ever happy without having heard them from the lips of someone she loved. No woman was ever quite happy who didn't carry in her heart the blessed assurance that she came first in some other heart. At thirty-five she is more eager for this assurance than she was at sixteen. Then how can her loss outwelgh her gain in giving up her position to marry a man she loves?

All sentimental reasoning, yes, but strip life of sentiment and what has one left but bed and board and clothes? These things minister to a purely animal existence, and take no account of mental and spiritual necessities. No woman is so practical that she can dispense with sentimental considerations in balancing the pros and cons of marriage. and cons of marriage.

Miss Cannon will be given in marriage by her father, J. F. Cannon.

These gentlemen not only continually play Bridge among themselveh, but often are to be seen in the various clubs playing with and against the leading Contract Bridge stars.

Mr. Howard Dietz over of the comments of the comme

Mr. Howard Dietz, one of the country's leading musical comedy writers, recently reached a winning Slam contract after having opened the bidding as Dealer with a complete psychic, playing with Mr. David Burnstine. The opponents were none other than Messrs. Howard Schenken and Edward Wetzlar.

1—Mr. Dietz'has what looks to him a practically hopeless hand and fears a sure game and probable Slam by the opponents. He decides to try to prevent it by opening the bidding with a completely psychic bid of one heart.

2—Just what Mr. Wetzlar meant by his two-spade bid is questionable. The hand is certainly too strong for a Pre-emptive Overcall and too

weak if he meant it for a strengthshowing bid.

Mr. Burnstine is completely "on
the spot." He does not know if
West's two-spade bid shows
strength or is a psychic. In either
event it is more than possible that
his partner has a psychic bid in
view of his own 51-2 honortricks. Mr. Burnstine, therefore,
desides to stall for time by the bid
of three clubs.

Mr. Schenken, of course, cannot

desides to stall for time by the bid of three clubs.

Mr. Schenken, of course, cannot tell that the Opening bid was a psychic, in view of his mediocre holding. He therefore decides to try to annoy the opponents by bidding three diamonds.

Mr. Dietz, of course, cannot afford to enter the bidding at this point, despite his very fine fit with partner's clubs, for he feels certain if he does he will find himself at seven.

Mr. Dietz now quite properly decides, despite his trickless holding, to re-enter the bidding. He does not know of his partner's great honor strength and quite naturally assumes that four spades for the opponents must be a lay-down. He also knows that since his partner has bid clubs and supported hearts he cannot be beaten very badly at five clubs and may even make it.

Mr. Burnstine, of course, has known for the last two rounds of bidding that his partner almost definitely has a psychic bid. However, he is practically positive that the psychic bid does contain a heart suit, and, in view of the frenzied spade bids by the opponents and the club Raise by his partner, he can quite surely place a singleton or void in spades in South's hand. He feels that, at the worst, he will have a finesse for the Slam.

The play of the hand was quite simple. Ruffing the spade or diamond gave the Declarer the necessary amount of entries to Dummy to finesse twice against the King of clubs. The hearts broke and the Slam

amount of entries to Dummy to finesse twice against the King of clubs. The hearts broke and the Slam was made—a highly graftlying result to Mr. Dietz, who held but two Tenspots as his total honor strength.

The third day after Perilla Fairfax and the wealthy Corey Malden are married at the Long Island summer home of John Lovell, her stepfather. Corey dies suddenly in their hotel at Washington where they stop en route by motor to his mother's home at Richmond. Madame Malden, as the old lady wishes to be called, greets Perilla with, "You murdered him," and when Perilla returns to New York and consults Fleming Stone, a famous detective, Stone learns there is dangerous goaspi in Richmond. Corey left the greater part of his large fortune to Perilla. Stone is told how the night before the wedding Malcolm Fairfax, Perilla's brother, asked for aspirin and Tony Gaskell, the best man, produced some tablets, saying they were better. Corey as well as Malcolm took them. Bob Coles, a friend of Malcolm, admits to Stone that he is in love with Perilla but later gains Stone's consent to his working with Stone on the Malden case. Bob reports that Farman, Madame Malden's Richmond lawyer, also beliaves Perilla killed Corey, and that Richard Carleton, of Washington, one of the executors of Corey's will, is friendly with Farman. The other executors are Tony Gaskell, who is a successfuis/Philadel-phia lawyer, and Roger Garth, also a Philadelphia lawyer. Perilla's doctor orders a change and she starts on a motor trip. In her party is Hilds Sheldon, who was her maid of honor, and they stop overnight at Scottstown, Ohio, at Rosecroft, the home of Hilds's sister, Mrs. "Hay" Field. NOW GO ON WITH THE STORY.

Cotton was a decidedly two-sided affair today as prices fluctuated frequently and widely, influenced by alternating waves of buying and selling. After two sharp dips had been followed by recoveries, the market closed very steady, net unchanged to 2 points down.

The opening was easier although Liverpool was a shade better than due. Private cables said that market was firm on unfavorable American crop accounts; Hombay and Man-chester bought and the continent took profits. Manchester reported exten-sive inquiry for cloths but sales difficult to arrange.

Daily Stock Summary. Dow-Jones Averages.

By THE UNITED PRESS. 'STOCKS.

By JOHN L. COOLEY.

NEW YORK. May 12.—(49)—
Stocks and several commodities ran
into heavy profit-taking today, but in
no market were the net casualties severe and trading was generally
lighter.

Final changes in most directions were small; for stocks the closing average of 90 issues was fractionally lower, while wheat and cotton finished almost even with Thursday's last prices. Beer and alcohol equities, together with a sprinkling of other favorites, enjoyed measurable prosperity, but old line industrials, as a rule, were a trifle heavy. Sales totaled 4,612,310 shares.
United States Steel, American Can, General Electric, Allied Chemical, Consolidated Gas, North American, American Tobacco "B," Union Pacific, United Aircraft, National Biscuit, Industrial Rayon and General Foods reacted fractions to something more than a point. Coppers also eased, despite a 7-cent domestic quotation for the metal. The "wet" group was strongly represented by tation for the metal. The "wet" group was strongly represented by Owens-Illinois, National Distillers, Crown Cork and Liquid Carbonic, which closed about 4 points higher. Sears-Roebuck, American Woolen. New York Air Brake and shares of a number of less prominent manufacturing concerns strengthened 2 or so.

facturing concerns strengthened 2 or so.

American Telephone was actively traded, selling up 3 points before meeting resistance. Wall Street's forecasts of next week's dividend action by that company are divided, some feeling that current business improvement will be taken into account by the directors. The ratio of telephone losses is understood to be declining. Western Union was stimulaked by word that it had made money in April. Otherwise, utilities did little, nor were rails much changed.

The presidential signature on the farm-inflation bill seemed to have been well discounted in foreign exchange circles, for the dollar raillied moderatey. On the whole, markets got little direct impetus from the day's news, which included word that America's tariff truce proposal had heen accepted by leading world now-

CHICAGO GRAIN AND PROVISIONS. May .... 7.35 7.35 7.25 7.25 7.10

By JOHN P. BOUGHAN.
CHICAGO, May 12.—(P)—Corn led wheat, oats and rye today to fresh high record prices, the topmost for corn in almost two years.

At the new pinnacles, wheat and corn were both up more than 5 cents since Tuesday, but late profit-taking brought about setbacks. The corn belt today was reported as practically water-logged throughout the territory east of the Mississippi river, and fears were expressed that the 1933 corn crop would be one of the smallest in many years.

Corn closed nervous, 1-8 to 1-8 above yesterday's finish, wheat 1-4 off to 1-4 up, oats showing 1-8 to 1-2 gain and provisions at a rise of 12 to 40 cents.

Oats chiefly were governed by corn action.

Provisions rose with how values

Provisions rose with hog values, lard reaching the highest prices since November, 1931.

NEW YORK, May 12.—(A)—Considerable irregularity characterized movements on the curb market today but a vigorous upturn at the close was sufficient to give the market a firm appearance at the finish.

The volume amounted to 637,000 shares, slightly exceeding yesterday's 623,000.

Utilities closed steady to firm, with the Electric Bond & Share issues providing the fireworks for that category. The common advanced 3 1-2 points while the 5 per cent preferred soared 8 1-2 points. American Gas & Electric firmed nearly a point.

Isolated weak spots among the industrials appeared in Aluminum Co., which dropped back 2 points, and Deere & Co., off nearly a point in light trading.

Oils were a trifled mixed, Standard Oil of Indiana gained a major fraction while Humble Oil receded as much. Mining shares were slightly heavy.

Investment Trusts

OCALA, Fla., May 12.—(R)—Closed since the general banking moratorium of March 4, the Ocala National bank will reopen for business Monday morning, its officials announced. Clarence Camp will be the president of the reorganized bank; H. L. Borland and M. C. Ligar vice presidents and Bernesidents and Bernesidents and Bernesidents.

Liverpool July due Saturday 5.84d.
FENNER, BEARE & UNGERLEIDER—We favor acceptance of partial profits on long cotton with a view to replacement on such technical readjuatments as seem to us overdue.

LIVINGSTON & COMPANY—Cotton, in our opinion, will sell higher and we advise traders to take advantage of breaks such as occurred today.

COURTS & COMPANY—It looks as if there will be wide fluctuations in the immediate future and it is still advisable to keep to the constructive side is our opinion.

BEER & COMPANY—we continue to favor buying cotton, but the more cautious operator for the short swings should be prepared for a technical reaction when and if it comes.

BEER & COMPANY—We continue to favor buying cotton, but the more cautious operator for the short awings should be prepared for a technical reaction when and if it comes.

GRAIN OPINIONS.

FENNER, BEANE & UNGERLEIDER—
We believe the market is consolidating the gain of this week and expect the advance to be resumed shortly.

LIVINGSTON & COMPANY—We continue to favore a trading attitude giving preference to the buying side on easy spots.

Tenne Tough superior court—Judge Hardman. E. on the condition of the condition of

Court of Appeals of Ga.

**Town 50 Miles Northeast** of North China Capital Falls Before Invaders.

By the Associated Press.
The Japanese drive in north China, latest advices indicate, has taken them to within less than 50 miles of Pei-

ping.

Reports to the Tokyo newspaper Asahi Shimbun from Shanhaikwan, Chinese coastal city at the eastern end of the Great Wall, claim the capture of Shihhsiachen, 50 miles northeast of the north China capital, with the invadera in hot pursuit of the defend-

of the north China capital, with the invaders in hot pursuit of the defenders toward Miyun, 10 miles beyond. Meanwhile, Chinese reports recount the arrival at Tangku, at the mouth of the Pai river, 35 miles east of Tientsin, of a Japanese airplane carrier, six of whose pilots engaged in a reconnoitering expedition.

Crossing of the Lwan river, marking the western boundary of the triangular area in the north China coastal region Japan desires to keep clear as a buffer state for Jehol province, was recounted also in the reports to Tsahi Shimbun.

Peace between China and Japan may become possible under a "live and let live" policy, the prime minister of the Chinese nationalist government believes.

At present, however, the premier, Wang Ching-wei, asserted, "peace means an ignominious surrender and we prefer to die rather than be humiliated."

meetings for his congregation.

The West End Church of Christ is one of the largest in the country and the oldest congregation of the Church of Christ in Atlanta, having been organized in 1905 on West End avenue. For a number of years the church worshipped in a frame building, but five years ago erected their commodious building.

The church is supporting a local mission with a membership of nearly 500 that is less than two years old. Besides local missionary work, they have contributed to foreign countries. A special committee on relief cares for the needy and the unemployed of the congregation.

congregation.

Services will be conducted each night at 7:45, with congregational singing of the old-time hymns and tunes. The evangelist's subject Sunday morning is "The First Gospel Sermon." The evening subject is "In Fidelity or Christianity—Which?"

tion that is to be found at the Fox theater on the new program which opens there today.

In addition there will be the usual fire group of Fanchon and Marco vaudeville acts, the stage band under the magnetic lealership of Mel Ruick, Jimmy Beers at the organ in a special "Mother's Day" program, newstreel, short screen subjects, and Katherine Hepburn, newest and most fascinating of Hollywood's feminine stars, in the great picture, "Christopher Strong." This story of a supporting cast.

Miss Hopkins, cast as a wild young aristocrat, who has the fortunate quality of knowing her own limits, is in love with Gargan, a young attorney. She refuses to marry him becomes she feels she is not good enough for him. From Gargan she goes to Collier, a drunken college boy, and they climb from the wreckage to find themselves prisoners of La Rue, a big-city gangster. La Rue ships the boy off to the city and forces Temple to remain with him. The film reaches its climax in the action that follows:

Bob Hess, the Paramount's personality organist, will present his second production organ-logue in which he features the theater usher staff in "Musical Bits and Skits." The short musical Bits and Saits. The short feature program consists of a musical comedy entitled "My Pal—the Prince," featuring Morton Downey, the Funny Boners and a Talkartoon, "Is My Palm Red," together with Paramount

Joe Brown at Georgia In "Elmer the Great"

In Elmer the Great
Joe E. Brown will be seen on the
screen of the Georgia theater today in
his latest First National comedy, "Elmer the Great," the most uproariously
funny picture he has appeared in to
day. "Elmer the Great," written by
Ring Lardner and George M. Cohan,
was a comedy riot on the stage and
is even more hilarious as a screen
play, because many of the startling
sequences which could be only hinted
at before the footlights are actually
shown in the picture.

Some of the funniest as well as

shown in the picture.

Some of the funniest as well as most intense scenes in the picture occur during the playing of a World Series ball game in a downpour of rain. The plot concerns a hick town boy who develops into the champion batter of the big league. He is also the champion eater and long-time sleeper. His cocksureness makes him the butt of innumerable jokes by other members of his team.

There is a strong supporting cast

There is a strong supporting cast, with Patricia Ellis, the new sensation of the screen, playing the leading feminine role opposite Joe. Others include Frank McHugh, Claire Dodd, Preston S. Foster and Russell Hop-

Comedy will more or less dominate the entire program, as a great favorite of Atlanta movie fans, W. C. Fields, will be seen in a two-reel comedy entitled "The Fatal Glass of Beer." In addition to this special added attraction the Georgia will offer a Merry Melody cartoon and a Fox Movietone news.

William A. Moerschel, of Home-stead, Iowa, who graduated from the University of Iowa pharmacy school 17 years ago, went back to take a course in law this year.

"Hell Below," the new offering at the Grand, offers considerable of that beneath the surface of the sea and no little ashore. The Metro-Goldwyn-Mayer production directed by Jack

Mayer production directed by Jack Conway proves quite entertaining from many points of view.

A splendid cast composed of Robert Montgomery, Jimmy Durante, Madge Evans, Walter Huston and others does much to make the picture, Durante's comedy being up to, if not above, his high standard. His boxing bout with a kangaroo is something that everyone who loves boxers, and on the other hand, everyone who loves kangaroos, shouldn't miss.

The story is just a little racy to say the least, but Mr. Montgomery, a young naval officer who violates the moral code, wins back his honor by going to a glorious death for the good old United States navy.

It deals with the young officer and the daughter of a naval commander, the daughter unfortunately being married to another officer apparently hopelessly wounded. Madge Evans is the daughter and good old Walter Huston who now has successfully

## New Artist Is Sought For Radio City Mural

NEW YORK, May 12 .- (UP)-Negotiations have been opened with several prominent American artists in providing whatever equipment if for a painting to cover Diego Rivera's uncompleted mural in Rockefeller Center, it was understood today.

The mural, which was covered when Rivera refused to delete a portrait of Lenin, was hidden today by fiber boards. Blank canvas was stretched over the boards and it was believed the new painting would be on this

Rivera, in the meantime, announced he has received an offer to paint a mural for an exhibit in the Century of Progress Exposition at Chicago. The offer came after it became known that the General Motors Corporation had cancelled the commission given Rivera for a mural in its exposition exhibit.

Memphis Ex-Officials

#### Indicted in Shortage MEMPHIS, Tenn., May 12 .- (AP)-Three former city officials, including

A. P. (Tony) Walsh, who resigned as A. P. (Tony) Waish, who resigned as commissioner of finance December 31, 1932, were named in indictments returned by the Shelby county grand jury today in its investigation of city shortages of approximately \$60,000.

J. H. (Jack) Hessen, whose long service as city treasurer was terminated a few months ago when Mayor Westling Operations of the commission of the commissi

watkins Overton requested his resignation, surrendered to officers a few hours after his indictment, and friends posted the \$10,000 bond necessary to secure his release.

A third indictment named M. D. Sabin, former bookkeeper in the city engineering department, who already was under bond on an indictment accusing him of a \$6,000 embezzlement. Whereabouts of Walsh remained a mystery, but Samuel O. Bates, his attorney, has satisfied officers that he will return to Memphis. Walsh suffered a nervous breakdown about the time of his resignation. the time of his resignation.

## **COUZENS HITS CHOICE** FOR TREASURY POST

Acheson Appointment Attacked in Senate by Michigan Solon.

WASHINGTON, May 12.—(P)— The second of President Roosevelt's major nominees to undergo a senate attack, Dean G. Acheson, Maryland

attack, Dean G. Acheson, Maryland attorney, was opposed on the floor late today for the position of undersecretary of the treasury.

Senator Couzens, republican, Michigan, who objected to the confirmation of Secretary Woodin of the treasury, forced a delay in action on the nomination.

Announcing he had nothing personally against Acheson, Couzens said he objected to "a policy" of men being put into the treasury "who are unable because of former connections to best serve the public."

Couzens went on to explain that, as an attorney here, Acheson had formed connections that, without being dishonest, he might favor in tax matters before the department. He added:

matters before the department added:

"The temptation is too great to have public offices filled with men with these connections."

He indicated he held the same belief toward Guy T. Helvering, of Kansas, whose nomination to be collector of internal revenue is before the senate finance committee.

agreement was not announced, but senate conferees said it was drafted to permit experimental production, with sale of any surplus.

House conferees said it would leave discretion with the Muscle Shoals board to go into quantity production if it desired. PONCE DE LEON AVENUE METHODIST. William E. Craig, minister. Worship, 11 a. m., sermon, "Mothers I Have Known."

In accepting the substance of the senate bill on transmission lines and fertilizer production the house con-ferees acceded to the wishes of President Roosevelt, who urged this course upon them a few days ago. Senator Norris contended that the LAKEWOOD HEIGHTS METHODIST Senator Norris contended that the house language requiring the Muscle Shoals board to negotiate for the purchase of private transmission lines before constructing any would block government construction of the line. He opposed the house language for the commercial production of fertilizer on the grounds that it was impractical to make cheap fertilizer with the present equipment of Muscle Shoals and contended that the quantity production of this farm product

## Colorado Judge Rules Beer Measure Illegal

GREELEY, Colo., May 12.—(P)-Sweeping aside the opinions of some of the ablest constitutional lawyers in congress, who aided in drafting the 3.2 per cent beer bill, District Judge Claude C. Coffin has declared its passage in violation of the constitution. age in violation of the constitution.

In his decision yesterday, which denied the Greeley Elks' Club and Fred N. Fetch, cafe owner, a writ of mandamus, which they sought to compel the Greeley city council to issue beer permits, Judge Coffin said the congressional declaration that 3.2 beer is non-intoxicating is contrary to the

eral courts.

"Congress, by legislative action, might state that gasoline is non-inflamable but that does not keep it from burning," the judge said. City To Pay \$570,000

In addition, salaries totaling about \$180,000 for the half month of May will be met on time May 20.
Coincidental with the announcement of re-establishment of the city's credit through adoption of the revised finance sheet, James prepared to pay out about \$200,000 from current funds on 1932 bills, thus bringing municipal accounts at least up to the first of the year. About \$400,000 is owed for purchases made this year.

# Germany To Pay U. S.

In American Dollar BASLE, Switzerland, May 12 .-(UP)—The German government to-day informed the Bank of Interna-tional Settlements that in the future tional Settlements that in the future it would abandon gold payments on its bonds held in the United States.

Payments, the announcement said, would be made in "legal tender"—depreciated American dollars. The bonds, like United States government issues and bonds of most foreign countries, call for payment of interest and principal in gold.

Bonds immediately affected are the government 51-2 per cent bonds, maturing in 1965 (Young plan loan) of which there are \$93,089,500 outstanding in the United States; government 7 per cent bonds (Dawes plan) of which there are \$70,597,600 in the United States.
